Be prepared for earthquakes and other natural disasters !

By preparing ahead of time we can reduce the danger posed by natural disasters such as major earthquakes and typhoons. Kawasaki City publishes a pamphlet about disaster preparedness called *Sonaeru Kawasaki* and distributes it at ward offices and such places. A multilingual version can be seen on Kawasaki City's website. Check it out — just in case. <http://www.city.kawasaki.jp/170/page/0000023635.html>

※There's a service called “Mail News Kawasaki” which pushes emergency announcements written in easy Japanese, including those related to earthquakes, to your cell phone or PC. Registration is required. You can use the QR code on this page to register. It's also important to participate in disaster drills. A multilingual drill is held every year in or around February at the Kawasaki International Center with foreign residents in mind. You can get various useful hands-on experiences and information, so please watch out for announcements about the next one.

Kawasaki International Center: Foreign residents can get free advice and information 10-12am, 1-4pm
