## Entering Public Elementary School or Junior High School in Kawasaki

To enter 1<sup>st</sup> grade in the 2020 school year, a child must have been born between April 2, 2013 and April 1<sup>st</sup>, 2014. To start junior high (7<sup>th</sup> grade) a child must be on track to graduate from elementary school (6<sup>th</sup> grade) by March 2020. Information on how to enroll, and forms for doing so, will be sent out in late September to children who are registered residents of Kawasaki City. To enroll your child in elementary school, bring the necessary paperwork (the school entry application form plus documents confirming the child's age and address) to your ward office by early October to complete necessary procedures. There is a medical exam at each elementary school in November for new first-year students; the child will need to take this.

Information on entering junior high school will become available in early December, and new enrollments will be taken from that time.

In early February 2020 the Kawasaki International Center will host an information session for children with overseas roots (and their parents or guardians) about elementary school. Everything you need to know about elementary school in Japan will be explained simply and clearly. Foreign-language interpreters and childcare will be available, and the session will be free. As details are decided they will be announced on our homepage and flyers.
