Where to see cherry blossoms in Kawasaki City

In Kawasaki City there are many parks and green spaces that have a lot to offer. Here we introduce two that are splendid places for cherry-blossom viewing. By all means, check them out!

Yumemigasaki Park (Saiwai ward: use JR Shin-Kawasaki or Kashimada Station)

Cherry trees are planted in various places around the park, including inside the zoo so that you can enjoy the animals along with the cherry blossoms. Around 400 trees total. Types: Yoshino cherry, *Yamazakura*, and others.

Sumiyoshi *zakura* (Nakahara ward: use Tokyu Toyoko or Meguro lines Motosumiyoshi Station)

A row of cherry trees blossoming in full glory seems to be pushing out over the river. Gaily-blossoming Yoshino cherry trees line the Shibukawa River for about 2 kilometers. You can also enjoy the cherry blossoms at nearby Nakahara Heiwa Park. Around 250 Yoshino cherry trees in total.
