Guard yourselves against heatstroke !

A serious case of heatstroke can be life-threatening. Even while we are living in the “new normal” with masks and so forth, we need to immediately take measures to prevent heatstroke.

- ① Even if you are not thirsty, **drink water** at regular intervals.
- ② **Ventilate rooms** regularly and **keep the temperature below 28°C**.
- ③ **Wear cool clothing**, and **use a hat or parasol** to keep the sun off.
- ④ When you are outdoors and can keep a good distance from other people, **take off your mask when appropriate**.
- ⑤ Take care to **sleep enough**, **eat well**, and generally **take care of your health**.
